

# THREE KILLED IN FIRST DAY OF BIG AIR RACE

## 47 Ships Leave Mineola on 5,400 Mile Contest.

# ONE SHIP IN CHICAGO

MINEOLA, N. Y., Oct. 8.—Forty seven airplanes, with one exception piloted by American military aviators started from here today to blaze an aerial trail 5,400 miles across the continent and return in the greatest speed, endurance and reliability contest in history, while from San Francisco fifteen planes took the air for the east. Five more planes will leave here tomorrow. With one in Chicago, others were resting overnight at Birmingham, Rochester, Buffalo, Bryan and Cleveland, control stations along the way.

Eight accidents, in which three persons were killed and one injured had been reported tonight to the headquarters of the American flying club here, which is co-operating with the army air service in conducting the contest.

**Major Killed.**  
Major D. H. Criss was killed and his observer, Sergeant Virgil Thomas, received injuries from which he later died when the plane in which they had left San Francisco early this morning crashed in attempting to land near Salt Lake City.

Sergeant W. H. Nevitt died this afternoon of injuries received when a plane in which he and Col. Gerald Brant were riding fell to the ground at Deposit, N. Y. Colonel Brant was reported to be not seriously injured.

Five forced landings were reported. Lieutenant Ross Kirkpatrick came down at Vernon, N. Y., when his compass ceased to function.

He received permission to return here and start again tomorrow.

Lieutenant R. L. Maughan, who received permission to fly today from Major General Charles T. Mepher, commanding the army air service after he had been physically disqualified yesterday by local officials landed at Glensdale, N. Y., with motor trouble. Lieutenant Willis R. Taylor was compelled to land at Nicholson, Pa.

**Foreign Entrants Eliminated.**  
The only foreign entrants, Air Commodore L. E. O. Charlton, attached to the British embassy in Washington, and Captain DeLaverigne, attaché of the French embassy were eliminated before they had an opportunity to cross the state boundary.

Commodore Charlton, with Flight Lieut. P. E. Trail as the alternate pilot of his Bristol fighting plane wrecked his machine in making a forced landing at Ovid, N. Y.

Captain DeLaverigne flying as a passenger in a DeHavilland machine and Lieutenant D. G. Bish, his pilot, were compelled to withdraw from the race when their plane burst into flames and were forced to land at Canadice, N. Y.

The only accident on the local field occurred when a plane piloted by Captain Maurice Cleary of Everett, Washington, and carrying Benedict Crowell, first assistant secretary of war, as a passenger, crashed to the ground from a height of 100 feet and overturned. Neither Captain Cleary nor Mr. Crowell were hurt but the plane was put out of commission.

**Fast Time in Chicago.**  
Chicago, Oct. 8.—Flying in the remarkable time of approximately two miles a minute, First Lieut. B. W. Maynard today led the western bound transcontinental flyers much of the way from Mineola, L. I., to Chicago and was the only one to reach here, as was the first New York-Chicago aerial journey made between sunrise and sunset.

Driving a DeHavilland-4 machine with a passenger and a German police dog aboard, the lieutenant, who recently won the Toronto-New York race, covered the distance of 810 miles in approximately six hours and 45 minutes of actual flying time, or about nine hours and 29 minutes of elapsed time. He left Mineola at 9:24 a. m., Eastern Time, and reached Chicago at 5:53 p. m., Central Time.

Lieutenant Maynard remained at Ashburn Field for the night and was scheduled to depart at 9 a. m., tomorrow on the next leg of the cross-country trip to Rock Island, Ill., a distance of 155 miles.

Lieutenant Maynard, a Baptist minister, who was in the pilot's over-seas flying service, pilot of the first machine to leave Mineola.

At Rochester this morning Lieutenant Maynard got the last glimpse of another contestant. There he saw Lieutenant Colonel E. E. Hartney, an American ace in machine No. 11. "We had an engine trouble and the day was ideal for flying," Lieutenant

# Thousands of Longshoremen at New York Strike

NEW YORK, Oct. 8.—The unexpected strike of thousands of longshoremen which threatens to tie up the Port of New York today was attributed indirectly to L. W. W. agitation by T. V. O'Connor, president of the international longshoremen's union who declared that the walkout, unauthorized, would not receive the support of the international.

Eight hundred longshoremen and 100 checkers employed on the Pennsylvania Railroad piers at Jersey City struck today in sympathy with the New York wharf workers, and for the same terms, \$1 an hour for the longshoremen and \$7 a day for the checkers.

The liner Carmania was held up for five hours but finally sailed for Liverpool just before dark, leaving about 500 tons of her 4,700 ton cargo of freight. The Steamer Tonic sailed on time for Liverpool with 1,230 passengers because heads of departments, clerks and others from the company's offices moved 1,500 pieces of baggage.

# MOSCOW UNDER MARTIAL LAW

WASHINGTON, Oct. 8.—The city of Moscow was placed under martial law by a newly created extraordinary commission following bomb explosions at a gathering of soviet officials in the city on Sept. 25, the state department was advised today in dispatches reflecting growing antagonism to the Bolshevik regime.

Thirteen commissaries of the Bolshevik regime the department's dispatches said, were killed by the explosions.

A recent Associated Press dispatch from Helsingfors said that several persons were killed and twenty-eight others seriously wounded by a bomb explosion during the funeral of victims of a recent bomb outrage in the Kremlin. In the department's advice were believed to refer to the Kremlin explosion regarding which no previous information had been received in this country.

# TELLS OF CONDITIONS IN GERMANY

BERLIN, Tuesday, Oct. 7.—(By The Associated Press.)—Present conditions in Germany are unfavorable, according to H. C. Stevens, of the National Bank of Commerce of New York, who has been investigating business conditions in Germany for many weeks.

"Germany is but a shadow of the great empire of 1914," he said today. "She is a sick Samson, bound with chains and watched by a thousand guards. Her people are not working and have not learned economy and self-denial; her industries are operating only spasmodically and her once wonderful railroad system is at the point of disintegration."

# JOHNSON EXPLAINS OBJECTIONS TO TREATY

Seattle, Wn., Oct. 8.—Two Seattle audiences tonight heard Senator Hiram W. Johnson of California explain his objections to the ratification of the league of nations covenant without reservation or amendment. He said his proposed amendment would not deprive the colonies of Great Britain of their six votes but would give America an equal vote in the assembly of the league and they cheered his declaration that "the United States senate is going to stand up and be counted" when this amendment comes to a vote.

The senator declared England first had tied up the United States for a long time, and then tied up the league of nations for all time, by securing representation and voice for each of the colonies as an individual unit.

# TORNADO WRECKS TEXAS TOWN; ONE KILLED

Paris, Texas, Oct. 8.—One person was killed, a number of others injured and several buildings wrecked by a tornado which struck Arthur City, twenty miles north of here today.

Manyard said on arrival at Ashburn Field.

With the pilot was W. E. Kline, an electrician, and the dog, Trilix. The lieutenant said his best time was made on his last leg, the 160 miles between Bryan, Ohio, and Chicago, which was covered in one hour and thirty minutes.

"I expect to be in San Francisco by sundown Friday," Lieutenant Maynard said, as he settled down to spend the night at Ashburn Field, where cot beds had been arranged for the fliers.

Lieutenant Maynard's home is in Kerr, N. C.

**Crash at Salt Lake.**  
Salt Lake City, Utah, Oct. 8.—Major D. H. Criss, Mather Field No. 66 in the eastbound transcontinental race was killed today at Buena Vista Field, near here where he attempted to land. First Class Sergeant Virgil Thomas, observer, died on the way to the hospital.

The DeHavilland Four airplane in which they were riding, dived into a small pond. The aviators were just completing the first lap of the international airplane race and were the ninth of the eastbound entrants to reach this city, the first overnight stopping place.

# DELEGATES TO BIG CONFERENCE WILL GET BUSY TODAY

## Only Brief Session Was Held Yesterday.

# LANE CERTAIN OF RESULTS

WASHINGTON, Oct. 8.—After three days spent in organization the industrial conference called by President Wilson will come to a showdown tomorrow on the business to be transacted.

Only a brief session was held today, adjournment being taken to permit the groups representing capital, labor and the public to formulate such suggestions and proposals as they wish to submit for consideration.

None was ready for submission today except the preamble of a resolution to be introduced by Charles S. Barnett of Georgia, representing the farmers' union. The resolution will demand a comprehensive national agricultural policy. The preamble asserted the farmers were not being given due consideration in the present conference and the failure of any attempt to settle national questions without the consent of the agricultural element of the population was predicted. All the groups were busy after adjournment considering suggestions of their members to be submitted to the conference.

Apparently with an agreed unanimity of action not otherwise characterized the deliberations of the three groups refused to discuss specifically what was under discussion or what would be presented to the conference. Each group was understood to be ready with definite proposals on industrial problems affecting domestic peace, the labor group especially having a complete program already formulated, it was reported but each seemingly was waiting to see what the others were going to do before showing its own hand. From the public group came the authoritative intimation that the members representing the innocent bystanders in the war between capital and labor were prepared to abandon the attitude of watchful waiting and benevolent neutrality which they at first thought was their best policy. Not only were several concrete proposals said to be in the making but the group sent to the shipping board its comments dealing with the American and English ship yards arrangements for adjusting wages and forestalling strikes by means of permanent committees constantly considering grievances likely to cause industrial disruption. The opinion is growing that the public group, led by Bernard M. Baruch as chairman will not rest until the right and left divisions of the conference accept some forward looking proposal to allow unrest and maintain steady production.

The Labor's proposals are considered certain to include reaffirmation of the right of collective bargaining and of the strike, the principle of the eight hour day and perhaps the more advanced suggestions for profit sharing and participation in industrial control. Capital already has indicated its stand in a resolution by Frederick P. Fish of Boston, declaring the good of the country to be paramount to the interests of any one group, and asserting the present need to increase production adequate wages and a just return on capital.

Whatever is done by the conference and everybody, including the permanent chairman, Secretary Lane, expressed confidence that real results will be forthcoming under the voting rules, which permit no conclusions except all three groups concur and require a majority of the membership of each group for the expression of that group's opinion.

Magnus W. Alexander, managing director of the National Industrial conference board which is represented in the conference by five delegates tonight issued a following statement:

"The employer group was disappointed because no program had been prepared, so that the industrial conference might proceed at once to business. Its members however, were glad to avail themselves of the day in order to enter into earnest discussion of leading industrial issues for the crystallization and clear definition of their own thought in order that they may be better prepared to act on these issues."

Members of the group representing the public at their meeting late today authorized Chairman Baruch to place a number of proposals before the conference tomorrow.

# ORGANIZE LOWDEN CAMPAIGN COMMITTEE

Springfield, Ill., Oct. 8.—Elective state officers met here today and organized the "Illinois Lowden campaign committee," the purpose of which will be to nominate Governor Frank O. Lowden for president.

# Condensed Telegraphic News

**GREAT BEND, Kans., Oct. 8.**—Three persons were killed in the tornado which struck Hoisington, near here late today and the property damage estimated at several hundred thousand dollars, according to reports received here tonight.

**LONDON, Oct. 8.**—Great Britain's ratification of the peace treaty, the foreign office says, awaits only the king's proclamation. All the dominions have ratified the treaty, the Australian house on September 19 and the senate Oct. 1.

**HOISINGTON, Kans., Oct. 8.**—Two persons were killed and twenty-five injured, some of them seriously, and property damage estimated at a quarter of a million dollars resulted when a tornado struck here late today and swept a path of destruction southward through the business and residence sections of the town.

**DAVENPORT, Ia., Oct. 8.**—A new million dollar corporation to be known as the Union Bond & Mortgage company, was launched in Davenport today by the filing of articles of incorporation. William Heuer, president of the Union Savings bank, is also president of the new company.

**CHICAGO, Oct. 8.**—Judge James T. Burns of Kankakee county, Ill., has been appointed by County Clerk Switzer to fill the vacancy caused by the death of County Judge Thomas F. Scully. Judge Barnes will assume the place next Monday morning.

**NEW YORK, Oct. 8.**—Heads were broken on Fifth avenue today when mounted police charged a mob of several thousand radicals who attempted to parade up the avenue without a permit. Banners which bore a number of incendiary slogans were confiscated by the police and have filled a patrol wagon. A number of arrests were made. The police said the parade was organized by a Russian newspaper published here.

**PENSACOLA, Fla., Oct. 8.**—Three naval aviators, Mechanist Charles E. Siebold of Pensacola and Boatwains Roy McMillan of Wever Park, Rochester, N. Y., and Paul Reichel of Hammonville, Calif., were killed today in the fall of a seaplane into the bay. The plane side slipped and fell 500 feet.

**WAUSAU, Neb., Oct. 8.**—John Warburg of this city was killed and Gus T. Reynard, also of Wausau was severely injured here today when the airplane in which they were flying dropped to earth from an altitude of about 250 feet. Engine trouble, experts said, caused the accident. The men saw service overseas.

**PARIS, Oct. 8.**—(Havas.)—Marshal Foch, who yesterday was instructed to draw up a new note to the German government relative to the withdrawal of German troops from the Baltic provinces, will couch the document very clearly, according to newspapers here. The note, it is said will state that in case there are further dilatory tactics from Berlin, measures will be announced for dealing with the situation and will be immediately and rigorously applied.

**DETROIT, Mich., Oct. 8.**—Suspending canonical rules, the house of deputies of the triennial general convention of the Protestant Episcopal Church of America today unanimously voted to approve the election of Right Rev. Charles Summer Burch as bishop of the diocese of New York. A memorial asking such action was presented on behalf of the diocese by Mr. William D. Manning of New York. It is expected that the house of bishops will concur.

**LONDON, Oct. 8.**—The capture of the city of Voronezh, 275 miles southeast of Moscow, by the anti-Bolshevik forces of Gen. Denikin is admitted in a Russian soviet wireless message from Moscow received today. Gen. Denikin's cavalry is advancing on Uman, 35 miles north of Voronezh, the message adds.

# FEDERAL TROOPS AT GARY CLOSE 21 BLIND PIGS

## Several Hundred Strikers Return to Work.

**CHICAGO, Oct. 8.**—Further activity against radicals in Gary, Ind., the closing of 21 alleged blind pigs in Indiana Harbor, and the reported return of a few hundred more strikers to the mills were the only developments today in the Chicago steel strike district. Military intelligence of the federal and agents of the department of justice held a conference today relative to agitators and the distribution of inflammatory literature. Federal troops in control at Gary, Ind., were expected to remain an indefinite period, and Col. W. S. Mages in command, while retaining the prohibition against outdoor mass meetings, said no interference with strikers' indoor meetings need be expected as long as they were orderly. This announcement the strikers cheered. Operations at Gary, South Chicago, Indiana Harbor, Waukegan and Joliet were said to have been increased today officials reporting greater production.

Union leaders denied that prohibition had been advanced or that more strikers had returned to work.

Notice that the Wisconsin Steel company, independent, would reopen its plant next Monday morning was sent to the 2,000 employees today by the works council of employees and managers of the International Harvester company. The plant is in South Chicago.

**Pittsburgh District.**  
Pittsburgh, Pa., Oct. 8.—Steel strike conditions in the Pittsburgh district remained unchanged today, neither side putting forth claims of any substantial gains.

Secretary W. Z. Foster of the steel works national committee returned from Washington today and said the America Federation of Labor would support the strike to "the limit."

"Organized labor," he said, "realizes that this strike must not be lost and has promised its support until victory is achieved."

Several important propositions in connection with the strike have been placed before the federation, he said and they will be announced later. A delegation of labor leaders called on Mayor E. V. Babcock of Pittsburgh today to lift the ban on peaceful picketing and on peaceful mass meetings for addressing strikers.

A special meeting of the Pittsburgh Central Labor union will be held on Friday night and President Maurer of the state federation is said to be planning a special meeting of the state organization to take up the question of free speech and free assembly.

# WILSON PASSES ANOTHER DAY OF IMPROVEMENT

## Stronger Now Than at Any Time Since Illness.

**WASHINGTON, Oct. 8.**—Slow but continued progress over a period of five days has brought such an improvement in President Wilson's condition that his physicians announced today that he was stronger than at any time since he was taken ill, two weeks ago tonight. Encouraged by the patient's progress, Rear-Admiral Grayson, the president's personal physician, let him sit up in bed part of the day, but insisted on keeping his attention as far as possible away from official business. Unless something unexpected requiring attention should develop, it is the plan to continue his confinement to his room for the present and to insist that he take the opportunity for a real rest.

The bulletin issued by Dr. Grayson at 10:20 o'clock tonight says: "The president has passed a good day, but there is no decided change in his condition."

Mrs. Wilson, who has been in constant attendance on the president during his illness, went for an automobile ride today for the first time since he was confined to bed.

Messages of sympathy reached the White House today from the heads of four nations—President Poincare of France, King George of England, King Albert of Belgium and the president of Colombia. Messages also came from Earl Curzon of England. The cablegrams from President Poincare said:

"I want to renew to you, Mr. President, the wishes that I have already asked Mr. Jusserand to transmit to you. I have been very much grieved to learn that the long fatigue of the work in which you took so active a part in Paris added to that which you imposed on yourself in the United States have temporarily shaken your health. I form the warmest wishes for your speedy recovery. I beg Mr. Wilson to receive my respectful homages, as well as the best souvenirs of Madame Poincare and I beg to renew to you the assurance of my sentiments of friendship."

**Daughter Returns Home.**  
Cambridge, Mass., Oct. 8.—Mrs. Francis B. Sayre, daughter of President Wilson, returned today from Washington. She declared President Wilson was much improved but that he was not out of danger.

"The doctors told me I might return to my home, as there was no immediate danger. I shall return to Washington in a few days."

Mrs. Sayre said that the president's illness was caused by a nervous breakdown.

# OPPOSANTS TO TREATY BLOCK ADMINISTRATION

## Attempts to Bring Up Shantung Amendment Fail.

# NO VOTE THIS WEEK

**WASHINGTON, Oct. 8.**—Opponents of the peace treaty today blocked all attempts to bring the Shantung amendment to a vote in the senate this week and then refused to accede to a joint request by Republican and Democratic leaders for its consideration one week hence. In the half hour wrangle that followed the suggestion of Chairman Lodge of the foreign relations committee that the senate could speed up the treaty by reading the printed text while senators were preparing speeches on the Shantung provisions the charge was made and denied that a full fledged filibuster soon might envelope the pact and delay final action on it.

Earlier in the day, Democratic leaders had declared that there was no hope of a vote this week on Shantung, because Senator Borah, Republican of Idaho, had let it be known that he would not give unanimous consent to such a move before Senator Johnson, Republican of California had returned from his western speaking tour against the league of nations.

Taking account therefore, of this opposition and realizing that many senators including himself, wanted to be heard, Senator Lodge said that consideration would be expedited by putting all spare time on the job of reading a four day task at best with reading clerks working in relays.

Senator Hitchcock of Nebraska, floor leader of the administration forces said the plan suited him except that he would prefer a vote next week or earlier on the amendments, which Senator Lodge frankly admitted was impossible. There was a general discussion for a time with Senator Lodge reiterating that Senator Hitchcock and himself had done their best to expedite the treaty and that Senator Underwood, Democrat of Alabama, broke in with a sharp demand for action. Declaring that both the country and the senate were desirous of having the treaty disposed of, Senator Underwood declared that the senate should not wait until next week to vote on the Shantung amendment, when every senator knew now how he would vote on that and the treaty itself.

"Can you tell me," he said, "whether the king is going to appear on the platform?"

"No," his majesty responded. "The king is a very lazy fellow and never rises before ten o'clock."

# DR. HOPKINS DIES AT GIBRALTAR

Champaign, Oct. 8.—Word was received here today of the death of Sir Hopkin of the faculty of the University of Illinois, at Gibraltar. Dr. Hopkins was known as an international authority on soils and was enroute home from a trip through southern Europe when he was suddenly stricken. He had been decorated by the king of Greece.

# PROPOSE FEDERAL CONTROL OF SUGAR

Washington, Oct. 8.—Federal control of commerce in sugar until Dec. 31, 1929, to prevent increased costs to consumers, is proposed in a bill sent to the senate committee investigating the sugar situation today by W. A. Glasgow, counsel for the food administration. The committee plans to report the bill tomorrow.

# LIVESTOCK PRODUCTS WILL LOSE MILLIONS

Chicago, Oct. 8.—Speakers at a meeting of producers and meat packers today said that demoralization existed in the livestock industry and the producers have lost or expect to lose \$2,000,000,000 as a result of recent price declines in livestock.

# DENY REPORT

Detroit, Oct. 8.—Official confirmation of a report that Henry Ford is contemplating the establishment of a line of steamers to Ireland could not be obtained today. Mr. Ford said he had not reached this forenoon, but one of his closest business associates declared there was "nothing to the report."

# SUPREME COUNCIL MEETS TODAY

Paris, Oct. 8. (Havas.)—The supreme council will meet tomorrow to reply to the result of Bulgaria for an extension of ten days to the time granted for the presentation of its observations on the treaty handed to the Bulgarian commissioners on September 19.

# WRESTLERS MATCHED

Rockford, Ill., Oct. 8.—Joe Posek of Sheldon, Nebraska, undefeated heavyweight wrestler, will wrestle John Freberg of Rockford here Oct. 17, it was announced here tonight.

"So far as I know," she said, "he is going to remain in Washington. Nothing was said to me about moving him. Should he try to work, of course it might be better that he go to some place where he could enjoy absolute quiet."

# Germn Peace Treaty Effective Within 15 Days

**PARIS, Oct. 8.**—(By The Associated Press.)—The German peace treaty in consequence of its ratification by royal decree of King Victor Emmanuel of Italy will become effective in fifteen days, according to the interpretation of the French press. There is considerable uncertainty in conference circles however, whether the decree must be approved by the Italian parliament before it is finally effective. It was pointed out before ratification that the Italian constitution required the approval by parliament of the treaties involving territorial changes. It is now held in some quarters that both treaties, German and Austrian, must have the approval of parliament before acquiring the force of law, so far as concerns Italy in its internal policy, but that as concerns the other signatories the royal decree is sufficient.

A Rome despatch says that the Corriere della Sera publishes an article demonstrating that ratification of the treaty by royal decree is legal, according to the constitution.

# ORDERS PROBE INTO HAZING CASES

**WASHINGTON, Oct. 8.**—Inquiry into reported cases of hazing at the Naval Academy at Annapolis was ordered today by Secretary Daniels. The secretary's action followed the reported attempt at suicide by two midshipmen which reports have said was a result of persecution by upper classmen. Rear-Admiral Schales, superintendent of the academy, however, reported today that Midshipman P. H. Seltzer of Lebanon, Pa., who attempted to take his life on Sunday, had denied that his act was the result of hazing.

The second rumored case of attempted suicide has not been confirmed, Mr. Daniels said, and now is being investigated.

"I would have no hesitancy," Secretary Daniels said tonight, "in expelling a hundred midshipmen from the academy if I found they had been implicated in hazing of any description. Students and officers at Annapolis know President Wilson's and my own views on the subject."

# KING ALBERT ENJOYING TRIP

**ON BOARD KING ALBERT'S TRAIN, Oct. 8.**—King Albert is enjoying his journey across the continent. He was up and ready for a walk at the first stop the royal special has made at Manila, Iowa, this morning. His majesty clambered off his private car and strolled along the platform at the station where a small crowd had gathered. One man in the garb of a farmer stepped up to the tall figure who was enjoying a walk before breakfast.

"Can you tell me," he said, "whether the king is going to appear on the platform?"

"No," his majesty responded. "The king is a very lazy fellow and never rises before ten o'clock."

# STOCK YARDS

**CHICAGO, Oct. 8.**—One man was shot and perhaps fatally wounded by the police, late today, in breaking up a riot at the stock yards where members of rival labor unions clashed and numerous shots were fired, stones thrown and fist blows exchanged. Several persons were reported wounded, but all left the scene. A number of men were arrested. Members of both sides were declared by the police to have fired shots and when policemen arrived in response to a riot call they found 1,000 or more persons assembled, many of them fighting. As the crowd was dispersed pursuing police fired and Joseph Snyder was wounded in the back.

# GERMAN PAPERS PUBLISH FALSE REPORT

**Coblenz, Oct. 8.** (By The Associated Press.)—German newspapers have given publicity to a false story that American soldiers at Coblenz had mutilated on account of a reduction of pay. At American military headquarters here it is considered that the story, also sent out by the German wireless news service to neutral countries, originated with Germans who desire to create a feeling of unrest among the troops.

# U. S. CORN CROP IS NEARLY THREE BILLION BUSHELS

## Unharmed by Dangers It Faced in September.

# PRODUCTION FIGURES GIVEN

**WASHINGTON, Oct. 8.**—The country's enormous corn crop is run unharmed by the gauntlet of dangers that faced it during the doubtful days and nights of September, and lays into the lap of mellow October 43,000,000 bushels more of ripened ears than could promise at the beginning of that month.

This was the department of agriculture's comment today in issuing the October crop report forecasting a yield of 2,906,510,000 bushels. Practically all the crop has, or will, mature without frost damage assured by chibbing has begun.

Blight, scab and black rust, together with minor ills, brought the good early prospects of spring wheat in the north to a producing section down until the reckoning now shows almost 6,000,000 bushels less than forecast a month ago, the total crop being placed at 203,170,000 bushels. Barley showed an increase of more than 3,000,000 bushels, while potatoes, an increase of 875,000 bushels, but wheat 802,000 bushels; apples 3,479,000 bushels, and beans 1,327,000 bushels.

Reduced forecasts were given for oats with a yield lessened to 5,294,000 bushels; sweet potatoes with a decrease of 907,000 bushels and tobacco with 559,000 pounds.

# Government Figures.

Crop production this year based on Oct. 1 indications, was announced by the department of agriculture today as follows:

Spring wheat	203,170,000
All wheat	918,471,000
Corn	2,906,510,000
Oats	5,294,000
Barley	198,250,000
Rye	17,900,000
White potatoes	350,070,000
Sweet potatoes	59,413,000
Flax	19,552,000
Rice	44,261,000
Tobacco	1,278,962,000 pounds
Peaches	51,327,000
Apples, total crop	156,721,000 bushels
Apples, commercial	23,177,000 bushels
Sugar beets	7,303,000 tons
Kafrs	127,953,000 bushels
Beans	12,890,000
The condition of the crops Oct. 1 was:	
Corn	81.3 per cent of a normal
Buckwheat	88.1
White potatoes	67.9
Sweet potatoes	83.9
Flax	82.6
Rice	81.3
Tobacco	73.6

## NO TAX RELIEF.

A little while since Republicans in congress were planning ways to reduce the taxes and suggested the repeal of some deemed unnecessary. But now reports of a deficit have come in to show that the government expenses during these months have been far greater than anticipated. The question seems now to be to raise enough revenue without adding any further tax burdens.

## THE BUDGET SYSTEM.

The discovery down at Washington that taxes cannot now be cut off because of another deficit has given impetus to the movement for a budget system. Senator McCormick is waging the fight for this budget system, which has much to recommend it in the promotion of both efficiency and economy. The U. S. is said to be the only important government in the civilized world that conducts its business without a budget system.

## EVIDENCE AGAINST THE RADICALS.

Gary, under military law or military control which ever term you prefer, is having peace. The mill forces are increasing in number and more men were at work yesterday than at any time since the strike began. The most important development there has been the finding of tons of "red"

literature and no doubt other tons have been previously distributed. Thus the certain evidence is at hand that the strike was fomented and brought about by the radicals. This is not a new statement but the proof before was not so ample.

## THE POOR MILK WAGON DRIVER.

In past months one has become accustomed to look upon the railroad employe as the plutocrat among industrial workers, but that was all wrong. The evidence before Judge Alschuler in Chicago shows that drivers of milk wagons there are drawing salaries of \$56 a week and that in some cases the commissions allowed bring these salaries to the \$80 a week figure. Still there is some dissatisfaction with conditions among these workers, who condescend at \$8 to \$10 a day to bring Chicago people their early morning milk supply.

## ANOTHER WOOD BOOM APPEARS.

Gen. Wood's presidential boom seems to be taking on new strength. A member of the national Republican committee from Connecticut is now in Chicago to confer with some western state representatives with reference to headquarters. There has been the suggestion that if Gen. Wood becomes an active candidate that he will resign from the army. The general's prestige and reputation were not marred by the fact that he was forbidden overseas service. In fact, the treatment he is known to have received with reference to this matter has strengthened his position with most Americans.

## NOT SO BAD AFTER ALL.

Talking about taxes, there is the general understanding that locally taxes will be very much higher next year than last. However, the situation will not be as severe as some people are figuring. Under existing law the municipal tax rate will be 1.33 1-3 per cent on a one-half valuation. In the past the rate has been 1.2 on a one-third valuation. This means an increase of 66 2-3 per cent on the municipal tax. But this does not mean that the total tax rate is to be increased in such a large way. Those who figure conservatively believe that the total increase in rate will be about

25 per cent. This isn't half bad when compared with other increases.

## THE DAY OF CO-OPERATION HAS COME.

The election result Tuesday without doubt does put added responsibility upon the present officials of Jacksonville. The people by almost unanimous consent have given their support to the administration and have voiced approval of the finance plan that the administration suggested. The result of the election is not attributable to any one man or set of men. The result was a growth which began many months ago when the movement took positive form for the enlargement of the water system of Jacksonville.

The co-operative work of the city officials and citizens committee, the united effort evidenced when bonds were authorized for the building of the dam, were quite in line with the fine spirit that the people of Jacksonville displayed Tuesday. The completion of the water system is going to mean further impetus to business in Jacksonville. It means the stabilizing of real estate values.

Judged by all outward appearances, there never was a time when the men and women of Jacksonville were so willing to work together for the common interests of their city—never a time when they gave evidence of such faith in the future of their city. It's a fine thing to think about the possibilities of the future.

## LONG AGO

The dear old times of long ago seem far away and hazy, the good old times we used to know, before the world went crazy. We trotted to our divers tasks, contented early risers, and put our savings down in casks, nor fretted over kaisers. We followed then the baseball games, and thrashed them over nightly, and to the movies took our dames, when lights were glowing brightly. Ah, life was then serene and sweet, a pleasant, cheerful cycle; and no one had it in for Pete, or cursed the name of Michael. But now our rages never stop, we're hot beneath our collars; if for an hour I cease to yawn, some fellow hollers. Each voter packs around a brick, and brazen knucks we carry, we take a fall from Tom to Dick, and throw some rocks at Harry. We don't know why our heads are sore, we don't know why we're rattled, but still we rant and walk the floor, as when the nations battled. Oh, for the happy golden days, when we sat round and twiddled, and talked of whiskers we could raise, and not a heart embittered. Oh, for the bygone peaceful nights, when, done with daily labors, we smoked our pipes and flew our kites, like sane and kindly neighbors.

## THE OBSERVATORY

Who said the White Sox were outclassed?

A Jacksonville woman is now a full fledged sport. She had two bets up on yesterday's game, two bits on Cincinnati and two bits on Chicago.

No, they can't spell it Cincinnati just yet.

A lady reformer wants the world's series suppressed because it is teaching so many girls to bet. Another local grouch, too, wants it suppressed because too many cheap cigars are being bought by the girls to pay on their debts.

"Too bad, of course! I am sorry for you, but you should not have been carrying such a large sum of money on your person, in these days when pickpockets are everywhere."

"Confound it, I couldn't help myself! I was on my way to buy a pair of shoes, and knew the dealer would not charge them."

If the White Sox offensive continues to gain momentum we may hear of the Reds requesting an armistice.

## Changing His Mind.

"I was feeling sort of puny yesterday and went to bed in the daytime, and dreamt that I was about to marry again," confessed Gap Johnson of Rumpus Ridge, Ark. "I thought right well of the idea, too, till after a mess of the dogs had come in a-yelling with several more after 'em, and all tore under the bed and went roaring round and round. Then most of my fourteen children boogied in, cussing and fighting amongst themselves over which gang of dogs had the right of it, and mostly rolled under the bed with the dogs, whurr all hands pursued and pound and bite and howl in seven different languages."

"The bed broke down and depopulated me amongst the dogs and children, and they all took a whet at me. About that time wife mixed in the anecdote with a broom handle, and began to club every which-a-way. She got me a time or two in the process, and somers along the line I woke up. After I had waded out and the dust settled, I began to think the matter over. And it 'peared like I wasn't nigh as keen to marry again as I'd 'lowed I was."

## Kansas Wants Unadulterated Peace

Following the armistice for three months, the people of Kansas were very generally in favor of the League of Nations. The Toronto Republican was one of the few papers that protested as early as January against a league without radical modifications. Today, if the League of Nations were left to a vote of the people of Kansas, it would be defeated. We do not mean merely a modified league—we mean any league. It is surprising to find the decisive sentiment against the league among the men who were overseas. They want world peace; but they are opposed to any league that would compel American soldiers to assist in the war between foreign countries.—Toronto Republican.

## How Many Do You Know of?

In Eames' "Historic Morgan," published in 1885, was a "Roll of Honor—Half a Century or More in Morgan." A note says: The following named present residents of Morgan county have lived here for a half century or more, the figures attached to their names indicating the year of their arrival or birth, here. There are many more names, and we should have been glad to have had them sent in, in order that the list might have been more complete. Here it is:

**The Morganian Society**  
From the founding of this commonwealth, in 1818, to about 1824, there was an effort to make Illinois a slave state.

This led, among other things, to the formation here, supposedly in 1823, the year the county was organized, of the Morganian Society, its object being to prevent the introduction of slavery into this state. And it helped to prevent that evil.

In February, 1823, the legislature passed an act authorizing the people to vote at the next election for and against calling a convention to adopt a new constitution, the object being to introduce human slavery here in Illinois. The election was held in August, 1824. The Morganian Society was against the call, and it had one hundred and forty members. In 1855, only Lazarus Reeve and Alfred Mills were, so far as known the survivors. The organization had a constitution of fourteen articles. The last one of this pledge: "You, A. B. do solemnly pledge your word and sacred honor that you are friendly to the natural and political rights of man and will use all honorable means to prevent the introduction of slavery into this state."

Among the best known members were Archibald Job, Thos. Arnett, Elisha Kellogg, Wm. C. Very, Alfred Mills, Wm. C. Jordan, H. G. Taylor, Dennis Rockwell, Daniel Leib, Wiley Green, Lazarus Reeve, James Deaton, Senior and Junior, George Hackett, Isaac Dial, Alex. Robertson, Samuel Matthews, Richard Matthews, Senior and Junior, and two Bristows.

### GIRL BADLY BURNED WEDNESDAY MORNING

Six Years Old Daughter of Mr. and Mrs. Harry White of 729 South West Street Suffers Burns About Arms And Body—Is at Passavant Hospital.

While playing with matches Edna White, six years old daughter of Mr. and Mrs. Harry White of 729 South West street, received painful burns about the arms and body about 9:30 o'clock Wednesday morning.

The child's mother is sick and confined to her bed. In some manner she got hold of the matches and struck one of them, setting fire to her clothing. With her body wrapped in the flames the child ran screaming to her mother's bed. Mrs. White managed to extinguish the flames and by that time a number of neighbors reached the house, having heard the child's screams.

First aid remedies were applied and Dr. G. R. Bradley was summoned. Upon his arrival he dressed the burns and had the child removed to Passavant hospital for treatment.

Examination showed painful burns on the arms and chest and neck. Unless infection sets in the child will recover.

### Beauty Answers

By MADAME MAREE

**EDNA C.**—The surest way to make the hair grow long, silky and beautiful is the easiest way. The following method will actually compel your hair to grow faster, longer and with a superb gloss of life and radiance. You can do it, as thousands of others have already done. A few days' use of this formula will convince you that what I say is right. Not half of its wonderful work has been told. Just try it. Hair will stop falling, thin spots will fill in, and your hair will be the envy of your many friends. Add one ounce of betula, castor, olive, to a half pint each of bay rum and water (or a full pint of witch-hazel instead), and mix thoroughly. Use this mixture liberally every day. It is not oily, and is very pleasant to use. You will find it exceedingly economical.

**BERTHA T.**—Here is a wrinkle formula which has never failed to do perfect work. You can make it at home in a few minutes, and it costs less than any wrinkle treatment you can get at the stores already prepared. Get a two-ounce package of opol, 50 cents' worth, and mix this with two tablespoonfuls of glycerine in half a pint of water. Apply liberally every day. The skin will grow more plump, and deep lines, crow's feet and other large and small wrinkles will gradually fill out and vanish.

**HIRSHUTE.**—You can be sure that there is but one reliable way to remove hairs from the upper lip and, in fact, from any part of the body. It is foolish to "burn them off," injuring and spotting the skin. The modern method is to use a depilatory, secured from the drug store for one dollar. This will actually dissolve away the hairs completely, and leave the skin superbly soft and smooth. It will not irritate the most delicate skin.

Hand Power or Electric

Why You Should Use a National Vacuum Washer

BECAUSE: It washes quicker, does it much cleaner and with a great deal less work to operate.

Why Does it Wash Quicker

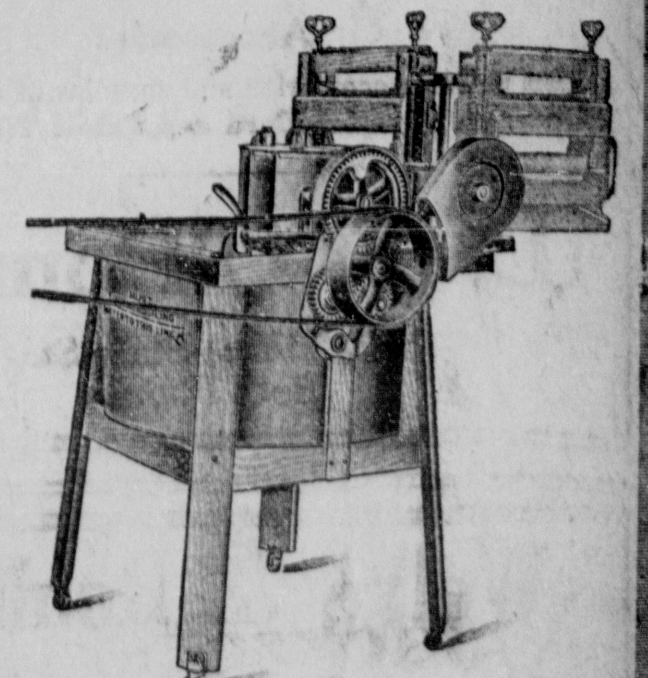

BECAUSE: The rapid action of the dasher driving the hot water and suds thru the soiled clothes forces the dirt out. The agitation of the hot water makes the dirt respond immediately. Two to six minutes will remove the dirt from any fabric that can be cleaned with soap and water.

### Deaths

#### Gray.

Helen Louise Gray, the thirteen months old daughter of Mr. and Mrs. J. B. Gray, died at her home 612 East North street Wednesday morning at 11 o'clock. The deceased was born September 7, 1918 and by her childish ways had endeared herself to her parents and those near her. She is survived besides her parents, two sisters, Imelde and Genevieve Gray. The family will have the sympathy of many friends in this time of sudden sorrow.

Funeral services will be held this afternoon at 2 o'clock from the Church of Our Savior. Interment in Cavalry cemetery.

#### Afong.

The Misses Sturtevant whose departure for Kushla, Alabama, is mentioned in another column, received word of the death of their cousin in the Hawaiian Islands. The following is from a San Francisco paper:

Mrs. Julia Hope Afong, in whose palatial Hawaiian home was written much of the history in connection with the Americanization of the islands, died yesterday in Honolulu, according to a cable received by her daughter, Mrs. W. H. Whiting, the wife of Rear Admiral Whiting, in Berkeley.

Her full name was Mrs. Julia Hope Kamakiaipalukamoukukin- au Fayerweather Afong and her passing marks the close of one of the most romantic histories of the Pacific.

Mrs. Afong was the daughter of Abraham Fayerweather, a Connecticut Yankee and the granddaughter of an Englishman, Captain George Beckley, who in the early days of Honolulu married a daughter of Ahia II, ruler of all the Hawaiians.

She was a young girl in Hawaii in 1849 when Ah Fong, a young Chinese merchant, arrived from China. To marry her it was necessary for Ah Fong to become a subject of the country, which he did, and at the same time was made privy counselor to the king.

Ah Fong developed the Papeete plantation, a large mercantile establishment, and was made resident Chinese consul at Honolulu after he had renounced his Chinese citizenship. He also changed his name to Chun Afong.

For thirty years the town home and the beach home of the Afongs were the meeting places for the wealthy travelers of the Orient and Occident.

There were fifteen Afong children, twelve girls and three boys. Eleven of the girls married Americans.

In 1893 Chun Afong wearied of the more modern American life of the islands and returned to China with his favorite son, Anthony C. Afong. He amassed a second fortune in China. Anthony married a daughter of a Chinese viceroy and his eldest son is now a student at Harvard.

The Afong property holdings in Hawaii are still among the largest fortunes of the islands.

Mrs. Afong was 80 years old.

Very many years ago two young men, brothers named Fayerweather, were on a vessel in the south seas when one was taken sick and both went ashore. The invalid recovered and married a native woman called, as are all the natives of the islands, a Kanaka. These people are gentle in manner, have features quite caucasian, straight hair and pleasing ways. They are supposed to be descended from Samoans, who probably sailed in their canoes to the islands many years ago.

The young man was a Connecticut Yankee and brother of the wife of the late Dr. Sturtevant of hallowed and illustrious memory. They were the parents of a daughter whose death is just recorded. As is well known to all acquainted with Chinese ways, family ties sit lightly on the minds of the natives of that land and Mr. Afong had no scruples in marrying Miss Fayerweather who was perfectly innocent and honest in taking him and at the same time he had no scruples when he decided to return to China and leave his Honolulu family, but he left them very wealthy as he was a regular Rockefeller in making money.

Their sons were educated at Harvard and the daughters at good American schools and the latter married prominent men in nearly every instance. When the writer visited the islands in 1909 he secured a letter of introduction from the Misses Sturtevant here to their cousin, Mrs. Afong and called at the magnificent home and was most courteously received. Mrs. Afong was plainly dressed and in no way aristocratic or proud but plain and unassuming. There were then several daughters and one son at home and well cultivated and refined. There were pianos, paintings and many evidences of wealth in the house and the grounds were a veritable garden of Eden.

### Matrimonial

#### Schaefer-Dobson.

Herman G. Schaefer and Miss Olive Dobson, both of St. Louis were united in marriage at nine o'clock at the Church of the Immaculate Conception, Father L. J. Lilly performing the ceremony. Only a few relatives and close friends witnessed the ceremony. Miss Dobson will be remembered by many in Jacksonville as she resided here while a student at the Illinois Woman's College. Later she attended Brown's Business College in this city. After completing her course at the latter institution she has been employed in St. Louis. She recently resigned a position with the Pullman Company.

Mr. Schaefer is manager of the builder's department of Schroeder Bros. Hardware Company, having been associated with this firm for the past eleven years.

#### McSorley-Plunkett

The following from the Pleasant Plains Press tell of the marriage of a former resident of Jacksonville:

Married, Saturday, Sept. 22, 1919, at the home of the bride's daughter, Mrs. Warren Plunkett in this village, Mr. John H. McSorley, of Knox, Mo., and Mrs. Z. L. Wheatland, of this village, Rev. W. C. Shaffer performing the ceremonial rites. Mr. McSorley is a prosperous and influential farmer of near Knox, Mo., while the bride has been making her home with her daughter for the past several months. The couple will make their home in this village where they have just purchased property. The Press joins in wishing them many years of happiness and prosperity.

#### Baker-Mills.

Homer C. Baker of the Franklin neighborhood and Miss Irene Mills were united in marriage by the Rev. E. L. Pletcher at his residence, 620 West College avenue Wednesday. The ceremony was witnessed by only relatives and a few intimate friends.

The bride wore a handsome gown of white silk with trimmings. She is the youngest daughter of Samuel Mills and is an accomplished young woman who has the high esteem of all who know her.

The groom is the son of Mr. and Mrs. J. R. Baker of the Franklin neighborhood. He is a farmer by occupation and commands the respect of all who know him. They will reside on a farm near Franklin.

#### Pfeiffer-Murphy.

Merle Pfeiffer and Miss Bernice Murphy, both of Arenzville, were united in marriage at the home of the bride Wednesday evening at 8 o'clock, the Rev. Mr. Yemm, pastor of the M. P. church of Concord officiating.

The ceremony was witnessed by about 75 relatives and friends. Following the ceremony the couple received hearty congratulations and refreshments were served.

The bride is the daughter of Mr. and Mrs. Thomas Murphy. She is a young woman of much personal charm and has a large circle of friends who will unite in wishing her much happiness.

The groom is employed as baker in Arenzville and is young who is highly regarded in his home community. Following the ceremony the couple went to Arenzville where they will begin housekeeping in a house already prepared by the groom.

Among the guests were: Mr. and Mrs. S. T. Erixon, William Rexroat and Mr. and Mrs. Vernon Rexroat of Jacksonville, Mr. and Mrs. Delbert Erixon of Murrayville and Mr. and Mrs. Robert Rexroat and son Howard of Macomb.

#### Miller-Cruzan.

Raymond Miller and Miss Elta Cruzan were united in marriage at 4 o'clock Wednesday afternoon at the home of the bride's parents, Mr. and Mrs. G. H. Cruzan.

#### Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug Nicotine. Stop the simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo! the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the result.

#### ASPIRIN INTRODUCED BY "BAYER" IN 1900

Look for name "Bayer" on the tablets, then you need never worry.

If you want the true, world-famous Aspirin, as prescribed by physicians for over eighteen years you must ask for "Bayer Tablets of Aspirin." The "Bayer Cross" is stamped on each package for your protection against imitations. In each package of "Bayer Tablets of Aspirin" are safe and proper directions for Colds, Headache, Neuralgia, Toothache, Earache, Rheumatism, Lumbago, Neuritis, and for Pain in general. Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monacetateidaster of Salicylic acid.

835 West Superior avenue. The young people were attended by Miss Emma Bozier and Merrill Cruzan. The ceremony was performed by Rev. M. L. Pontius, pastor of Central Christian church, and was witnessed by a large company of relatives and friends of the contracting parties. The bride was attired in a suit of dark blue with hat to correspond. Her attendant was dressed in blue silk.

The bride is the daughter of Mr. and Mrs. G. H. Cruzan and is a young woman of much personal charm. She attended the public schools of Jacksonville and since graduating from the local high school with the class of 1915, has been employed as stenographer and bookkeeper in her father's office.

The groom is the son of Mr. and Mrs. Adam Miller of this city and is well and favorably known here. Since his return from overseas service, he has been employed as an electrician at Jackson, Mich., where he and his bride expect to make their home. Following the ceremony dainty refreshments were served to a number of the relatives and intimate friends of the young people. Mr. and Mrs. Miller left yesterday afternoon for Jackson, Mich., and were accompanied to the train by a large company of friends and relatives who gave them a generous shower of rice. The many friends of the young people wish them a happy and prosperous married life.

NORTH OAKLAND  
SCHOOL IS VISITED

Journal Representative Finds Interesting Group of Boys and Girls.

The pleasant work of visiting schools was continued with a call at North Oakland, five or six miles northeast of the city. This school-house is very finely situated on a rising parcel of land of ample size for playground and other purposes. Probably when the directors have a little time they will set out some much needed trees which would be a great addition to the premises.

The building is in good repair. It has no vestibule and hats, bonnets and wraps are hung in the back end of the school room but there is space enough for them. From the wall the picture of Abraham Lincoln looks down on the children but he is rather homesome and if General Grant, George Washington, General Sherman and some other celebrities were to be seen it would look better. The teacher, Miss

Marian Holkenbrink, said they meant to have an entertainment soon and get some of those things. They have a fairly good library and a Webster's unabridged dictionary that has been used rather roughly for a good while. Some creditable maps are suspended from the wall and the heating and lighting of the place are all right.

The pupils were found bright and intelligent though some were a bit restless but they all manifested deep interest in what was being told them. They are an interesting group of boys and girls and will doubtless be heard from as the years go by. They paid very good attention to what was told them and showed an intelligent appreciation of the pictures and description of the wonders of far away places. In asking questions they did quite well, and will rank nearly up with the four already mentioned and no doubt the next time the visitor calls he will have all the questions he wants.

The directors of the school are Messrs. J. R. Phillips, W. A. Bridgman and Alvin Carpenter.

The pupils are, Edith Petefish, Buelah Petefish, Mabel Phillips, Sallie Green, Lola Hoover, Daniel Hoover, Alma Bridgman, Iven Petefish, Nellie Perry, Blanch Phillips, Helen Fitzsimmons, Oran Fitzsimmons, Lola Stevens, Ball Fitzsimmons, Juyne Phillips, Doris Hoover, Lynn Hoover, Felix Stevens, Bennie Green, Floyd Smith, Albert Perry, Alfred Smith, Paul Carpenter, Florence Perry, Ollie Stevens, Jane Hoover, Leach Barber, Martha Green, Marguerite Perry, Paul Strube, Lenora Goveia, Bennie Stevens, Eliza Stevens, Lina Perry.

YOUNG SOLDIER SAYS  
HE LOST POCKET BOOK

Story of War Veteran Is Doubled by Pittsfield Residents—Is Unable to Give Names or Data to Substantial Tale.

At the home coming in Pittsfield last week a young man in khaki giving the name of Ed Stone, reported that he had lost his pocketbook containing \$57 all the money he had in the world. Says the Pike County Times: His story excited a great deal of sympathy and it would have been easy to have raised more than enough money to have replaced his loss. In fact several substantial donations were offered by J. M. Thompson of the committee in charge of the home coming, but there have been so many cases reported of fake soldiers working on the sympathy of the public that Mr. Thompson deemed it best to investigate before being too ready to help the young man. He tells the following story: He says he was born at Maysville, this county, 29 years ago, that his father's name was Elam David Stone, that the family left Maysville when he was five years old, that his present home is New York City, from which place he enlisted in 1917 for service in France. He wears an overseas cap and is in full khaki uniform and on his left sleeve he wears three stars, representing he says, three brothers killed in the war. He says he lost eight people in the war and that he has a brother in a New York hospital, with both legs and one arm shot away. The boy claims that the lost pocketbook contained every cent he had in the world, together with his transportation and railroad card. He claims that he entered the employ of the New York Central railroad when was 19 and that he was with that road up to his enlistment for service in France, his last job being as fireman with a run between New York and Albany. He says he is now back from overseas service and is without a job.

Saturday morning, young Stone appealed to Mr. A. Clay Williams, president of the Red Cross, for assistance. An inquiry among the oldest residents living around Maysville failed to reveal anyone who remembered Elam Stone and when questioned he was unable to give the names of any references in New York. His story did not hold together very well and the Red Cross did not feel that it could O. K. it. He said that he came here from Quincy, where he had gone to visit an army chum and found the chum had left the city. He was not able to give any names or data to substantiate the story. He was finally given money to pay his way back to Quincy and departed.

If the young man is all he claims to be, and did lose his pocketbook and money, he will undoubtedly feel that he received a cold deal in Pittsfield. The fact however, that rascals have and are using the uniform of the army to defraud, is the cause of his trouble. If he is a fraud, he did not get half of what is due him.

## WEDS MONTANA MAN

Miss Beatrice Hainsfurther becomes bride of W. J. McMullen at Ceremony Yesterday Morning—Other News Items of Winchester and Vicinity.

Winchester, Oct. 8.—The wedding of William James McMullen of Deer Lodge, Montana, to Miss Beatrice Hainsfurther, only daughter of Mr. and Mrs. Sol Hainsfurther, occurred at the home of the bride's parents here Wednesday morning at 10 o'clock the very impressive ceremony being in charge of Rabbi Edward L. Israel of Springfield. Only members of the immediate family witnessed the wedding. An aunt of the bride, Miss Kate Sachems of Chicago, who has been visiting at the Hainsfurther home for the past week, was among those present. After the ceremony a wedding breakfast was served. The young people left soon after for Chicago where they expect to spend a few days prior to leaving for their home in the west.

Mrs. McMullen was born and reared in Winchester and graduated from the Winchester high school. She later attended the Normal School of Physical Education in Chicago. During the past year she has been in charge of physical training in the public schools in Deer Lodge and there met her husband. She is a young woman of much personal charm and has many friends who will regret to see her leave Winchester.

Mr. McMullen is a prominent young business man of Deer Lodge, being in the drug business in that city.

Both Mr. and Mrs. McMullen leave for their western home with the congratulations and best wishes of their friends here for a prosperous and happy wedded life.

In Honor of Miss Doyle. Mrs. Charles P. O'Donnell entertained a large company of young ladies Wednesday afternoon in honor of Miss Bess Doyle whose wedding is to occur in the near future. The gathering was in the nature of a Smile Party and Novelty Shower. Contents were enjoyed and a mock wedding occasioned much merriment. A delicious luncheon was served by the hostess.

## Lecture at Church.

A very pleasing lecture was given by Dr. L. C. Lord Wednesday evening at the Christian church. There was a good sized audience present and Dr. Lord's remarks were heard with interest. The program opened with a violin solo by Miss Anna Dodson, accompanied on the pipe organ by Miss Ethel McClure.

Miss Kathleen Lucy and Miss Lucile Bishop left Wednesday afternoon for St. Louis to enjoy a few days at home before returning to school next Monday.

Judge A. D. Hewitt of Maysville, Mo., was here Wednesday to take a deposition before Judge F. C. Funk to use in a circuit court case in DeKalb county.

Mr. and Mrs. Cecil Hamilton returned Wednesday after a visit with his parents here.

## Funerals

## Seymour.

Funeral services for James Seymour were held from the residence of his daughter, south of Franklin Wednesday afternoon at 2 o'clock in charge of the Rev. Mr. James. Music was furnished by the choir of the Franklin M. E. church. The flowers were cared for by Miss Covey, Mrs. William Wright and Miss Myrtle Sargent. Burial was in Seymour cemetery, the bearers being, Ned, Douglas, Fred George and Gus Seymour and William Wright.

## Mason.

Funeral services for Harold Lockwood Mason were held from the residence, 344 North Church street, at 2 o'clock Wednesday afternoon in charge of the Rev. M. L. Pontius, pastor of Central Christian church. Music was furnished by Miss Edna Ogle and Mrs. Alma Ogle Smith, with Mrs. Harry Brainer accompanying. The flowers were cared for by Misses Jeannette and Josephine Steinmetz. Burial was in Moss cemetery.

WARNING AGAINST  
BURNING LEAVES

By John G. Gumber, FIRE MARSHAL, ILLINOIS. Many fires occur each year at this time due to bonfires and the burning of leaves. Fire reports received by the Fire Marshal in the Autumn show a large number of losses caused in this way.

Each year in Illinois a number of children lose their lives or are seriously burned thru playing around bonfires.

The danger is increased in the Fall because of the high winds prevailing at this time of year. Therefore, the greatest care should be taken in disposing of leaves.

Within a few days leaves will be falling fast and piling up everywhere. They should not be heaped against anything which will burn. There is always danger of a lighted match or spark falling in them, while sometimes they ignite of themselves.

The best and safest way to dispose of leaves is to bury them. They are excellent fertilizer for gardens and there is no better mulch for plants. They may be buried in a pit one foot deep and the next, when they will have become well decayed and will scatter easily over the garden. The same pit may be used each year.

Aside from the danger of fire, burning leaves laden with air with a heavy smoke, which is not healthful.

## Gasoline Storage on Home Premises.

A person who uses his barn for a garage can not expect to collect insurance on it in case of fire if the insurance company wants to contest the claim, according to a decision of the Kansas Supreme Court. This decision should be of especial interest to farmers.

In the case of Morgan vs. the National Liberty Fire Insurance Company, the Court held that the placing of an automobile in a barn violates the provision of the policy which states that there shall be no storage of gasoline in the barn. It ruled that gasoline in an automobile is "storing gasoline" in the meaning of the language of the policy. Morgan's claim was denied, even tho his car was not in the barn at the time of the fire.

Farmers usually buy large quantities of gasoline at one time. To prevent loss in strength, as well as to safeguard property against fire, they should store gasoline in underground storage tanks.

## Must Not Delay Fire Department.

If a freight train blocks a fire department and prevents it from reaching a fire within a reasonable time, the railroad company is liable for unnecessary loss caused by fire because of the delay, under a recent decision of the New York Court of Appeals.

Damages were awarded the Globe Malleable Iron and Steel Company of Syracuse, New York.

## Says Reporter After Visi-

## to Ohio Health Station

"Prevent spread of disease thru absolute personal sanitation and the health problem is half solved," said a reporter recently after a visit to an Ohio Health Station.

"It is a good sign that people are taking modern means to be absolutely clean and means to be absolutely clean."

"It was a big surprise to find so many have adopted the modern scientific method of checking perspiration which I myself have been following."

"By a little judicious questioning, I learned that ODORONO, a toilet preparation which checks excessive perspiration and keeps one free from the slightest trace of perspiration odor, is generally regarded as the one sure way to absolute cleanliness."

This visit showed me what good work ODORONO is doing in aiding personal sanitation.

ODORONO, mentioned by the reporter, is a leading toilet preparation for relief from excessive perspiration, and the sure means to perfect cleanliness. It was prepared by a physician and is endorsed by medical authorities. Be sure you get the genuine ODORONO. It all druggists and department stores. 60 cents and \$1.00. Trial size, 30 cents.

which suffered a fire loss, against the New York Central and Hudson River Railroad Company. It was brought out that the crew of a slowly moving freight train, signalled by the firemen and knowing of the fire, failed to stop and cut the train at the crossing.

The decision is attracting widespread interest, as there are few cities in which railroad tracks do not pass thru some district where the loss would be heavy if the fire department were delayed in reaching a fire.

## NORTH SIDE OFFICES FOR LIGHT COMPANY

Will Move to Old Jacksonville National Building—Extensive Interior Changes Soon to be Made—Large Display Space to Hand Coal to Own Plant and Jacksonville State Hospital.

At no distant date the Jacksonville Railway & Light Co. will occupy the building on the north side of the public square formerly owned by the Jacksonville National bank. Just the date of the occupancy has not been settled, according to statement made yesterday by Supt. Gray, as a number of interior changes are to be made. The company, it is understood, has practically had the ownership of the property for a number of months past, although the property has not been formally deeded by M. F. Dunlap as liquidating agent for the Jacksonville National bank.

**Spacious Quarters.** The north side room will make splendid and spacious quarters for the offices and display rooms of the Jacksonville Railway & Light Co. The vaults formerly used by the bank will be moved to the back part of the building where they will be utilized for the storage of the company. To the south of the vaults after the change has been made will be space for the offices of the company and a space 45 feet deep clear across the building will be used for display purposes. This will make it possible for the company to carry and display a much larger line of gas and electrical equipment than has been true in the past.

When the change to the north side is made the present office building on South Main street will be vacated, together with the building just to the south where gas stoves and other equipment are now displayed. The second story rooms of the north side building will probably be used for the meter repair department. Such changes in the building arrangement will be made that the new quarters will in every way be convenient as company offices. The location is such that the change will also mean a convenience for a large number of the company's patrons.

**Industrial Track.** An improvement just as important in another line will be made in the very near future by the Railway & Light company. Some time ago a branch track was laid from South Main street along Anna street and now this is to be extended into the company property south of Anna street and also into the company property north of Anna street. Such trackage will be laid that all coal can be hauled from the railway yards to the plant, whether designed for use in the making of gas, for steam purposes or for storage. The trackage will also make it possible to load ice in carload lots and transfer to the railway yards.

While this construction work is in progress there will also be a track extension into the coal storage house at the Jacksonville State hospital. It will be remembered that when the new track was laid on South Main street that a Y was extended to a point just inside the grounds of the state hospital. The material has been received for extending the track to the coal storage house not far distant, and this work will be done very soon. Supt. Gray expects that it will not be more than a month before all this new trackage is in use and coal being transported from the railway yards to the Jacksonville Railway & Light Co. plant and to Jacksonville State hospital over the street car rails. This will mean a great saving to the pavements of Jacksonville, as the haulage of such large quantities of coal along the city streets has meant a great deal of inevitable damage to street pavements.

**Better System Later.** For the present the plan will be to shovel coal from the railway cars into the cars of the Jacksonville Railway Co. Later on it is probable that a less expensive plan will be utilized whereby the coal can be dumped from the steam railway cars into the cars of the street railway company. An engineer of the Illinois Traction System will be in Jacksonville in the course of a few days to work out this plan.

Supt. Gray already has the blue prints and working plan for the trackage mentioned and, as indicated, work on this trackage will begin at a very early date.

## COOPERATIVE STORE SUBSCRIBERS MEET

Will Make Application for Charter Today—Sixteen Hundred Dollars Paid in By Subscribers—Expect to Raise \$8,000.

At a meeting of the subscribers to the co-operative store held in the circuit court room Wednesday evening it was voted to apply for charter of incorporation today.

There was a good attendance of subscribers and W. J. Hardy presided. There has been paid in so far \$1,600 and it was decided last night to raise \$8,000.

W. J. Hardy stated last night that an option had been secured on a building in which to house the new store. It also has been decided to carry all lines of staples, including groceries, dry goods, boots, shoes, and, in fact, almost anything that the average householder needs.

Mr. and Mrs. Morris O'Brien of Bluffs were among the callers in town yesterday.

## PLANT OF PRAIRIE COLLEGE A MODEL

School Situated Southeast of Arnold Station Deserves Much Commendation.

If any school directors in this region or any others have any intentions of building a school house they can get some excellent ideas from the plant of Prairie College, a few miles southeast of Arnold station near the George Moore farm. The writer had the pleasure of a visit there and was much impressed. The grounds are large enough and well sodded in fine grass. There are several horse sheds probably owned by private individuals whose children have some distance to go to school and who believe that "a lightous man regardeth the life of his beast." In front of the building are some noble trees and as they are soft maple, an elm has been set out as the maples are not so long lived but they are beautiful. In the rear part of the grounds are some locusts which the directors will probably remove and replace them with elms or maples. A new furnace has been placed in front of the building and all show signs of thrift.

The school building is properly heated by a furnace in the concrete basement, is well supplied with furniture, is properly lighted and on the walls are several suitable pictures and room for some more. There is a pretty good library, also a set of maps and a globe. The organ is for ornament only.

In all his visits the writer has not found a better behaved set of pupils. They took their seats properly and listened intently. The teacher, Miss Nelle M. Cuddy, has them well in control and seems to rule by love instead of fear. The directors are Messrs. George Holley, Fred Hagen and Robert Hamilton. The pupils are:

Boys—Harry Taylor, George German, John Hayden, Pearson, Billie Payne, Albert Holmes, Raymond Tholen, Scott Wilson, Lee Payne, George Lacey, Hughes Lacey, Everett Lee Wilson, Elwill Hagen, Richard Arnold, Harold Pearson, Everett Hermes, Leavitt Arnold, Gordon Payne, Carl Hermes.

Girls—Mary Payne, Edna Tholen, Mabel Patton, Frances Arnold, Gladys Bishop, Louise Taylor, Anna Mae Hulett, Lenore Peterson, Dorothy Hagen, Elizabeth Holley, Clara Kendrick, Mildred Devine, Marietta Jackson, Helen Bishop, Opal Patton, Martha Holley, Lero Payne, Flora Toler.

## CHICKEN PIE SOCIAL AT SALEM WEDNESDAY

Ladies Aid Society Serves Successful Supper at Church—Program Given in the Evening.

A successful chicken pie social was given by the Salem Ladies Aid at the church Wednesday evening. There was a large attendance and the society realized a goodly sum from their venture. Following the supper a program of musical numbers and readings were given.

Miss Anna Frances Bradley with Miss Forrester as accompanist gave several violin numbers and a number of readings were given by Miss Bennett. These young ladies are students at the Illinois Conservatory of Music.

Miss Helen Hanner gave a reading and Miss Lydia Hunt gave a vocal number with Miss Elizabeth Connolly as accompanist.

Rev. Ray Rakan, the new minister, gave a brief talk at the close of the program.

The following were in charge of the social. Mrs. Frank Green, general chairman, assisted by Mrs. Thompson and Miss Ruth Dunlap.

Chicken pie—Mrs. Phillips and Mrs. Armstrong.

Coffee—Mrs. Boyd and Mrs. Maddox.

Ice cream and cake—Mrs. Howard Cully.

## TRAFFIC LAW OFFENDERS WILL BE FINED

Special traffic officers of the city co-operating with the police department, will now push a steady and thorough campaign for the enforcement of the traffic ordinance. Leniency has been used for weeks. Every effort has been made to acquaint the public with the traffic laws. Automobile drivers have been thoroughly warned and now the police department and the traffic men believe that fines should be imposed where offenses against the law are committed. A strict watch therefore, is to be kept by night and day, with the end in view of bringing about better enforcement of all traffic regulations.

Yesterday Paul Arnett and Roy Masey were arrested by men of the traffic department, charged with driving cars without tail lights. Each of the young men pleaded guilty in Squire Bayha's court and was fined \$5 and costs.

I will not be responsible for any bills contracted by any one other than myself. C. D. Meade.

## FIVE MORE SUITS ARE FILED IN CIRCUIT COURT

Annulment of Buercke and Braithwaite Marriage Is Sought—Other Interesting Cases.

A number of suits were filed in the office of Circuit Clerk Boston Wednesday, for hearing at the November term of the circuit court. William Werries et al., by Wilson & Butler, has brought a partition suit against Henry Werries et al. The petition seeks the division of certain properties belonging to the estate of the late William H. Werries, who died in December, 1900.

J. P. Lippincott is attorney for Morris D. Obermeyer et al., in a bill brought against Clifford R. Obermeyer et al. The purpose of the petition is to bring about a court order whereby a certain contract for the transfer of real estate entered into by the late C. A. Obermeyer, Charles R. Lewis and Fred B. Six, may be carried out.

A suit for annulment of marriage has been brought by J. O. Priest for J. B. Buercke, who appears for William Buercke. It is sought to have the recent marriage of William Buercke and Minnie Braithwaite Buercke dissolved. It is set forth in the bill that William Buercke is mentally defective and that at the time of the marriage the defendant in the proceeding was a paroled patient from Jacksonville State hospital and that she is now confined to that institution.

Mr. Priest is also attorney for Sarah Meade, who is seeking divorce from her husband, Carl Meade. They were married in November, 1901, and lived together until August, 1918. Drunkenness is the charges made and Mrs. Meade asks for the custody of their three children.

Mrs. Clara Havenhill as administratrix has thru her attorney, J. P. Lippincott, al. The purpose of the petition is to bring about a court order whereby a certain fund which was a part of the estate of the late Catherine Raynor and a court order is necessary to legalize such action.

A. J., as he is familiarly known, came from this place, located at Jacksonville and many friends, therefore, moved to White Hall to take pastorate services.

## INDIANS ENJOYED COON HUNT LAST NIGHT

Members of Delaware Tribe No. 78 Improved Order of Red Men, journeyed to the home of W. G. Wolfe, one of the veteran members Wednesday evening. The trip was made in automobiles and the Indians left town with lots of red fire burning. They carried with them an ample supply of burgoo soup. Arriving at the Wolfe farm a camp fire was built and some of the old chiefs gathered around this and told stories while the young ones indulged in a coon hunt. The return to the city was made in the early morning all those who participated voting the outing a most pleasant one.

## LIEUT. ALEXANDER IS VISITING PARENTS

Naval Officer Here on Leave of Absence—Has Been in Service Since 1917.

Lieut. E. J. Alexander, Supply Corps, U. S. Navy, is at home visiting his parents, Mr. and Mrs. Paul Alexander, on Caldwell street. He is here for only a few days, having got a short furlough while awaiting orders at the Fifth Naval District, Norfolk, where he has been since the U. S. S. Manchuria, on which he was supply officer, was placed out of commission recently. Lieut. Alexander has been in the cruiser and transport force of the Atlantic Fleet practically since his being commissioned in June, 1917, first serving aboard the U. S. S. Huron and later, since April, 1918, on his last ship. The Manchuria was one of the larger of the navy transports, carrying five thousand troops. Besides the usual officers and men it carried many interesting passengers, nurses, war workers and entertainers of the various welfare organizations, congressional committees, and a large number of French brides returning with their husbands to this country.

While in New York a short time ago Lieutenant Alexander had luncheon with Lieutenant R. E. Keating of this city on the U. S. S. Pennsylvania, the flag ship of the Atlantic Fleet and is quite enthusiastic about that most powerful of fighting machines which Lieut. Keating is rightly proud to be attached to.

## SOX SLUGGERS DRIVE SALLEE OFF OF SLAB

Cicotte After Losing Two Games to Reds,  
Holds Them Safe Thruout Series  
Now Stands 4 to 3.

CINCINNATI, O., Oct. 8.—Winning today's game against Cincinnati by 4 to 1, the recently defeated and all but hopeless White Sox of Chicago now consider themselves real contenders for the world's baseball championship. The series now stands four games for Cincinnati and three for the American League leaders. Tomorrow, weather permitting they will play in Chicago. The Athletics of the pallid hose took the train tonight jubilant in the manner in which they have snatched a chance of victory from what seemed certain defeat, and determined that the eighth contest played on their own familiar real estate and cheered by their loyal following, will see the series tied up.

The zero-comic affair of yesterday was succeeded today by real baseball. The visitors earned two of their tallies by conscientious workmanship and this was enough to win, while the other two counts came partly by grace of Red errors. Four misdeeds were charged against Garry Herrmann's athletes and only one against the Comiskey entry.

Cincinnati trotted out pinch pitchers, pinch hitters and pinch runners in a desperate endeavor to come up from behind as the Sox did yesterday but all to no avail.

### Use Three Pitchers.

The Reds used three pitchers—Sallee, Fisher, Luque—and another pitcher, Ruether, appeared as an emergency batsman. Despite the array of hurlers the Sox accumulated ten hits, while the National Leaguers were able to pole out only seven.

Eddie Cicotte who was driven from the box in the first game of the series and lost his second game because his teammates couldn't hit anything, came into his own in today's attraction. He exhibited control, speed and judgment and his comrades played with a confidence properly tempered and qualified by recent severe lessons, and a dash that reminded their clientele of their best mid-season form.

The narrowing of Cincinnati's margin of victories caused serious consideration of the possibility of a ninth game. Cincinnati won the toss, taken immediately after today's engagement and the deciding contest, if Chicago even things up tomorrow will be played here next Friday.

### ATTENDANCE SMALL

Cincinnati, O., Oct. 8.—The total attendance at the game today was 13,923. The gross receipts (exclusive of war tax) was \$46,968. The commission's share was \$4,696.80. The clubs and league's share was \$42,271.20.

### NINTH GAME IN CINCINNATI

Redland Field, Cincinnati, O., Oct. 8.—The ninth game of the world's series of 1919 if it becomes necessary will be played at Redland field here. This announcement was made by the National Baseball commission at the end of today's game, the statement reading that Cincinnati had won the toss and had chosen to play it here. If Cincinnati wins at Chicago tomorrow a ninth game will not be necessary, but if Chicago wins tomorrow, both teams will leave tomorrow night for Cincinnati and the deciding game will take place Friday.

### Ninth Game in Redland.

President John A. Heydler of the National League tossed the coin and Garry Herrmann guessed it would be tails and tails it was.

For the first time in the series many seats were vacant, due. It was said to the general belief that seats would be difficult to obtain. Everybody expected that everybody else would be ahead of them and the result was a half crowd in the left field bleachers, many vacancies in those in the right and little unpopulated patches even in the grandstands. Usually the official attendance figures are ready during the game, but a half hour after the last out today none were at hand, and it was announced that they would not be ready for an hour. Just what went wrong was not stated, but it was not because the crowd came too fast to be counted.

A stiff wind was blowing from center across the plate during the struggle. When the Sox came on the field the band, which on the Red grounds always has some little musical sarcasm at hand, played, "She May Have Seen Better Days," and "Please Go Way And Let Me Sleep."

### Sox Score Early.

This did not impair the buoyancy of the slundered Athletics, who retaliated without delay by putting a run over in the first inning. It was John Collins the first batter up who made the count. He singled to center and went to second on a sacrifice by captain Eddie Collins. Weaver slammed the ball against the wind for an out to center but Joe Jackson, who was desperate at the time found new lucky omens in the way of hairpins, singled to left, scoring John Collins. "Happy" Felsch also delivered a bingle, on which Jackson took second, but Felsch was forced at second by Gandil's bounder, ending the assault for the moment. In their half the home team took heart when Eddie Collins juggled Rath's sizzling grounder. The crowd which was less vociferous than usual yelled for the aviator to come and meet the Sox going up, but it was a vain prayer, for Collins redeemed himself by going way back and taking Daubert's fly, the mighty Groh struck out and Roush hit to Collins who threw to Weaver forcing Rath.

In the second the Sox were bowled over in short order without getting a man to first. The Reds did a little better for after Duncan had fled out to center, Kopf singled, but was caught stealing on Schalk's perfect throw. Neale fouled out to Weaver.

It was not until the fifth inning that Cincinnati, by virtue of a single and a base on balls got a man safely to second. The Sox, however, got another run in the third, Johnny Collins again making the count. Collins who played center for Felsch, while Felsch went to right, where the sun is not so troublesome was the first man up. He delivered his second single as if he were playing billiards. The ball slapped off Sallee's mit caromed off Kopf and finally got to Rath too belated for a play at first. Eddie Collins who was unable to deliver a hit in similar circumstances on the first now hit sharply to center sending his namesake to second. Weaver sent a grounder to Kopf who threw it to Rath for a force out of Eddie Collins.

Rath claimed that the runner interfered with his throw to first for a double and Weaver was called out for the interference. J. Collins meanwhile reached third and scored on Jackson's hit. In the fourth Schalk sandwiched in a hit between the Sox, but never got further than first.

### Two In Fifth.

In the fifth the Sox, registered their first brace of tallies. Sallee was driven from the slab in this inning and the remaining two-thirds of the inning was pitched by Fisher. John Collins started unobtrusively by flying out to right, Captain Collins again singled. Weaver rolled one to Groh, who let it get thru his legs and Weaver reached first and

### Summary.

Two base hits—J. Collins, Groh. Sacrifice hit—E. Collins. Double play—Kopf to Daubert. Left on bases—Cincinnati 9, Chicago 7. Bases on balls—Off Cicotte 3 (Wingo 3). Hits—Off Sallee 9 in 4 1-3 innings; off Fisher 0 in 2-3 innings; off Luque 1 in 4 innings. Struckout—By Cicotte 4 (Groh, Daubert, Neale, Luque); by Fisher 1 (Risberg); by Luque 5 (Cicotte 2, E. Collins, Weaver, Felsch. Losing pitcher—Sallee. Time—7:47. Umpires—Quigley behind plate; Nallin at first; Rigger at second and Evans at third.

Collins second. Groh's error and that which followed by Rath were costly. Jackson drove a boulder to the Red second baseman, who made a straight fumble of it and the bases were filled. In this exciting crisis Felsch, who is frequently called upon to sacrifice was ordered to hit. He singled to center and Eddie Collins and Weaver scored. Gandil relieved the strain on the Reds by going out, Fisher to Daubert.

In their half of this inning Cincinnati contrived to get a man to second for the first time. Kopf, the first man at the plate fled out to Jackson. Neale singled and walked to second when Wingo was given a walk. Wingo became quite a pedestrian during the contest, as he was given free passage three times, and he attained a batting average of 1.000 by delivering a hit in the ninth. Confronted for the first time with men on first and second, Cicotte tightened. Ruether made a brief appearance as a pinch-hitter for Fisher, and fouled out to Weaver, Rath shot a grounder at Weaver and was thrown out at first.

The six inning produced the only one tally accumulated by the Reds. Daubert struckout, but Groh, smarting in self-accusation because of his recent record of error, whaled the ball over the temporary fence in left, but because of ground rules what would have been a triple or a homer went for a double. Cicotte threw Roush out at first, Groh going to third.

### Reds Score In Sixth.

Duncan singled to center and Groh scored. Duncan was forced at second by Kopf's grounder.

In their half of this inning J. Collins doubled after two were down, but the Cuban Luque, now pitching for Cincinnati, struckout Captain Collins and the chance went glimmering. The Cuban in the seventh fanned Weaver and Felsch while Jackson died on an infield smash. In the eighth and ninth the Cuban pitched first-class ball, striking out Cicotte and retiring the batsmen, one-two-three, with little apparent effort.

Cicotte was not menaced again until the ninth. Kopf and Neale had been retired on flies when Wingo singled to right. Sher-

wood Magee batted for Luque and also singled. If Rath the next batter could have poled a home run it would have tied the score, but his attempt in this line went no further than Felsch's mitt. It was not until the crowd had worked its way from the grounds back to town that it learned how small the attendance really was, namely 13,922, which is less than half the average attendance at previous games here, and 20,000 under the Chicago average.

### ELLER AND WILLIAMS PITCHERS FOR TODAY

Cincinnati, O., Oct. 8.—"Hod" Eller, who held the White Sox to three hits in the fifth game of the world's series at Chicago on Monday, establishing a series strike-out record of six in a row, probably will face the Sox in the eighth game of the series scheduled for Chicago tomorrow.

"Lefty" Williams, who twice beaten by the Reds, is expected to be Manager Gleason's pitching choice.

The Sox went into the game today fighting with the old time dash that won them the American league championship. Manager Gleason said tonight. They were themselves for the first time in the series.

"They are right now," he said, "and will defeat Eller tomorrow if Moran decides to start him."

"It is a strange thing but the Sox have badly beaten the pitchers who defeated them before. Ruether was knocked out of the box and so was Sallee. The same thing will happen to Eller. The Sox have played magnificent ball outgassed the Reds, outbatted them, outplayed them and Cicotte outpitched them. I am happy to say that my confidence in Cicotte was not misjudged. I may start Williams tomorrow."

"Cicotte was our master today, but I am confident tomorrow will see the end of the series," Manager Moran of the Reds said. "I expect to pitch Eller, and if he can repeat his remarkable game (Continued on Page Eight.)"

## SOX SLUGGERS DRIVE SALLEE OFF MOULD

(Continued from Page Seven.)  
of last Monday no club can beat him. The Reds realize that they must rally. The Sox out and outlived us today, but the Reds will come back with the same drive that won the first two games of the series.

### World's Series Notes

Cincinnati, Oct. 8.—The Sox and Reds returned tonight to Chicago where the eighth game of the series is scheduled for tomorrow. The ninth game, if necessary will be played in Cincinnati on Friday.

Loyal supporters of the Reds thought Manager Moran made a mistake in not starting Luque, the Cuban pitcher instead of Sallee. The Cuban pitched the last four innings and held the Sox to one hit. He fanned five.

Catcher Wingo of the Reds had a batting average of 1,000 today. He walked three times and in the ninth poled a single to right. Groh's double in the sixth ordinarily would have gone for a home run, but ground rules limited him to two bases. The ball sailed over Jackson's head and landed under the left field bleachers. Groh scored a minute later with the Reds' only run when Duncan singled to center.

There was a great falling off in attendance as compared with the crowd of 32,000 that witnessed yesterday's game.

The \$6 box seats were not a third filled. There were holes in the grandstand sections and the left field bleachers did not contain more than 200 spectators. The right field bleachers, however were nearly filled.

Scalpers who bought tickets expecting there would be a demand for them lost heavily.

Manager Moran of the Reds switched to the third base coaching line at the start of the eighth, hoping that his change from first base would bring a change of luck to the Reds.

John Collins got the first hit for the Sox driving the second ball Sallee pitched in the first inning to center for a single. He also scored the first run, romping home on Jackson's single to center.

The Sox were retired in the second on five pitched balls. Gandil and Risberg hit to the infield while Schalk fled out.

Joe Jackson, the Sox slugger, drove in the first two runs for Chicago, scoring John Collins each time with singles.

Jake Daubert, the Reds' first baseman, won the applause of the crowd in the fourth when he raced to the right field boxes and speared Risberg's foul above the heads of the spectators.

Rath broke his bat in the fifth when he hit a grounder to Weaver. The handle flew into the pitchers' box.

John Collins was the batting star of the game. He collected three hits, one a double.

Manager Moran of the Reds complained to the police today that his Knights of Columbus watch fob, valued at \$500, had disappeared from the club house at Redland field yesterday. The fob was set with a diamond.

### Batting Averages

Cincinnati, O., Oct. 8.—The Reds continue to lead the White Sox in the matter of team batting, as well as games won, but the Sox made a slight gain on them during the playing of the seventh contest. Cincinnati boasts of six three-hundred hitters in Magee, Ruether, Wingo, Fisher, Neale and Eller, while the American league champions have three who are in the coveted circle in McMullin, Weaver and Jackson.

The averages for the first seven games follow:

### World's Series Pitching Records

CINCINNATI, O., Oct. 8.—Eddie Cicotte, "ace" pitcher for the Chicago White Sox who has twice suffered defeat at the hands of the Cincinnati Reds in the present world's series, staged a comeback today by winning his game 4 to 1. His comeback was marked by steady although not brilliant pitching. On the other hand, "Slim" Sallee, one of Pat Moran's mainstays, blew up in the fifth inning and had to be taken from the mound. Ray Fisher, another mainstay, completed the inning. Luque who finished the game for the Cincinnati Redlegs pitched an invincible ball, striking out five of the White Sox batters in the four innings he pitched. An analysis of today's pitching record shows that Cicotte struck out four and walked three Cincinnati players. The three Red pitchers pitched six strike outs and did not walk a man. Cincinnati managed to get seven safe hits off of Cicotte while Chicago ended on the ball for ten safe ones, most of them off Sallee. Sallee's pitching allowed the White Sox to score in the first, third and fifth innings. Cicotte allowed the Reds one score in the sixth.

The record of today's game shows that Cicotte put over 34 strikes and 40 wide ones as compared with 20 strikes and 34 balls pitched by the three Cincinnati hurlers. A total of 226 balls were pitched, 120 by Cicotte and 106 by Sallee, Fisher and Luque. Following is the inning pitching record for today's game:

# Too Ill to Work

## Scores of Women

in homes, stores, offices and factories are not fit to be at work. They toil on day after day and year after year suffering with distressing weaknesses and derangements, hoping against hope that they will soon feel better, but how can they hope to do good work or escape permanent invalidism?

Such women are in danger of derangement of women's functions. They owe it to themselves to try that good old fashioned root and herb remedy Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American Women to health and strength.

### Here is a Notable Example

Joplin, Missouri.—"I took Lydia E. Pinkham's Vegetable Compound to see if it really would do as it was advertised and it sure did, and more. I was weak and could not do much work, had bearing down pains and had to go to bed. I learned about the Vegetable Compound from my mother and my husband told me to get it. After taking one bottle I was able to be on my feet most of the time and do my work again. I have a baby eleven months old and I have done all my own work, even the washing and ironing since she was three weeks old. I certainly recommend your great medicine to everyone who complains of female trouble and I am more than willing for you to use my testimonial."

—Mrs. TIMOTHY CRANEY,  
426 Connor Ave., Joplin, Mo.

### And Another

Chicago, Illinois.—"I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women have been helped by Lydia E. Pinkham's Vegetable Compound, so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about Vegetable Compound and you have my permission to use this letter."—Mrs. I. OVENSTEIN, 902 S. Marshfield Avenue, Chicago, Ill.

## SIMPLE HOME REMEDY ADVISED FOR ROSE AND HAY FEVER

Anyone Can Make a Pint of Trifling Sum and Used in Time May Prevent Annual Attack.

"No matter how severe your yearly attack be.

No matter how distressing or humiliating—

its intensity can be reduced to a harmless, mildness."

says a Kentucky druggist who believes from what he has seen that this simple home made remedy is a most important discovery.

He has seen the most severe and apparently unconquerable cases reduced to what might be called a mild cold in twenty-four hours.

In many cases where the patient started treatment a week or ten days before the expected attack the unwelcome yearly visitor failed to appear with anything like its usual intensity.

People who want to try this new treatment can make a pint in a few minutes.

Pour one ounce of Mentholized Arcline into a pint bottle then fill the bottle with water that has been boiled. Gargle daily as directed and snuff or spray the nostrils twice daily.

That's all there is to the treatment which so many sufferers have found to be a true friend.

Mentholized Arcline in one ounce vials is dispensed by all the better pharmacies.

## FASCINATING TEETH

## Yes; S. S. S. Is Purely Vegetable Nature's Safe Blood Treatment

Known for 50 Years as the  
Best Remedy for Rheumatism,  
Catarrh, Scrofula,  
Skin Diseases.

Scientists have discovered that the forest and the field are abundantly supplied with vegetation of various kinds, that furnish the ingredients for making a remedy, for practically every ill and ailment of mankind. Medicines made from roots, herbs and barks which Nature has placed at the disposal of man, are better than strong mineral mixtures and concoctions. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membrane, producing chronic

dyspepsia and often entirely ruining the health.

S. S. S. is made entirely of gentle acting, healing, purifying roots, herbs and barks, possessing properties that build up all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. is a safe treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Blood Poison and all disorders of the blood. It cleanses the entire system and it's permanent. Get S. ## TY COBB RETAINS BATTING HONORS

Detroit Star Swats Pill for Grand Average of .381 in 124 Games—Babe" Ruth's Home Run Record Totals Thirty—Other Batting and Fielding Statistics.

Chicago, Oct. 8.—Ty Cobb still is the premier batter among the regulars of the American League, according to complete but unofficial averages made public today. The Detroit outfielder during the past season hung up a batting mark of .381 in 124 games, one point less than his 1918 record and giving him the league leadership for the eleventh time in the last thirteen seasons. In addition, the "Georgia Peach" was second in base getting, second in number of hits and near the top in total bases. The only years Cobb has not led the league in hitting are 1908 when Criss of St. Louis was supreme and 1916 when Speaker was champion.

In figures, Eddie Murphy, pinch hitter for the champion White Sox, led with an average of .457, but he participated in only thirty one games and only a few times did he play a full game. Following close on Cobb's heels was Harris, the Cleveland Indian slugger, with a mark of .375. Harris made a valiant effort during the last week of play to overtake his rival's lead and at one time was only a point behind. In the final game of the season, however, the Detroit rallied and swatted three hits in four attempts off White Sox pitchers, thus clinching the leadership.

Veatch, Cobb's teammate, came next in the averages, hitting .354. Jackson, Chicago, hit .352, while Sisler of St. Louis and Flagstead,

another Detroit, followed with records of .344 and .333 respectively. Tobin, St. Louis, .325, Ruth, Boston, .324; Jacobson, St. Louis, .321 were other leading sluggers.

The record of "Babe" Ruth, the famous Boston pitcher and outfielder was one of the most remarkable ever hung up in the American league. The Red Sox player broke all records for the greatest number of home runs in a season by knocking out an even thirty circuit drives, getting his last two in a double-header September 27 against the White Sox. In addition he showed the way to the other long distance clouters by obtaining a total of 288 bases on his drives and also led the run getters, scoring 103 runs in 130 games, despite the fact that he batted in the cleanup position and not at the top, where the leading scorers usually are found.

Eddie Collins, captain of the White Sox, stole more bases than any other, opposing catchers failing to get him in 24 of his efforts. His record, however, is far under that of Sisler in 1918, the St. Louis first sacker stealing forty five times that season. Sisler led in stealing this year until the last two weeks of the season when an injury handicapped him. He finished third with 28 thefts, Cobb having a record of two more.

Chapman of Cleveland made the most sacrifice hits, purposely advancing the runner fifty times, Vitt of Boston and Collins of Chicago were next with 48 each. In two baggers and three baggers Veatch Detroit was highest with 40 two base blows and 16 three baggers. Veach also led in the greatest number of hits with 192, two more than Cobb obtained.

In the club averages the Chicago White Sox showed why they won the pennant by making a club batting average of .287, five points better than Detroit which was second with .282. Cleveland was third with a mark of .276. In fielding Boston led with a record of .974 and Chicago was second, its players fielding for an average of .969. Philadelphia, last in the league, was last in hitting and fielding.

Eddie Cicotte, ace of the White Sox pitching staff was the leading hurler. He clearly established his supremacy by chalking up 29 victories against seven defeats for an average of .806. He also led in innings pitched with 307. Next to Cicotte were Caldwell and Uhle of Cleveland, the latter a sandlotter playing his first big league season, each with a record of 11 victories and five defeats. Dauss of Detroit followed with a record of 21 winning games while he was defeated 10 times.

Claude Williams of Chicago was the leading southpaw hurler and fifth among all the regulars. He was responsible for 23 of the victories of the pennant winners, while only 11 of their defeats can be charged against him. Other leading pitchers are Coveleskie, Cleveland, 24-12; Penneck, Boston, 19-8; Shawkey, New York, 20-11; Ruth, Boston, 9-5; Ehmeke, Detroit, 17-10; Sothoron, St. Louis, 20-12.

Several recruits, who were given tryouts at the end of the season, finished with higher averages than these men, but they are not entitled to consideration because they played only two or three games. Courtney, Washington and Nelson, New York, each had records of three games won and none lost, Schacht, Washington won two and lost none and VanGilder, St. Louis won the only game he started.

Ehmkke, Detroit, was the "wild man" of the league. He sent 112 men to first via the four ball route, hit five batsmen and made five wild pitches. Walter Johnson, Washington led in strikeouts, fanning 140 batters. Claude Williams was next with 128 and Coveleskie, Cleveland, third with 116. Opposing teams made the most runs off of Dauss, scoring 125 times while the Detroiters were on duty.

### National League.

"Cactus" Cravath, Philadelphia outfielder, was the champion batsman of the National League during the past season, the averages giving him a record of .340 in 83 games, and while Mitchell of Brooklyn made a mark of .376, he cannot be considered the leader because he played in only 34 games. Cravath also made the most home runs, his four-ply knocks totalling twelve. Zack Wheat, Brooklyn, leader in 1918 with an average of .335, fell off considerably, hitting only .294. Next to Cravath is the list of swatters is Thorpe, the famous Indian athlete, who started the season with the New York Giants, but later was traded to the Boston Braves. Thorpe's average in 62 games was .327, seven points ahead of Eddie Roush, star outfielder of the Champion Cincinnati club, who hit for a mark of .320 in 133 games.

Other leading batters among the regulars were Hornsby, St. Louis, .316; Barber, Chicago, .314; Groh, Cincinnati, .313; Carey, Pittsburgh, .307; Meusel, Philadelphia, .306; Myers, Brooklyn, .305; Young, New York, .305.

Myers, Brooklyn, was the real slugger of the league, his hits going for 221 bases. Hornsby, St. Louis made 218 bases on his blows and Roush of Cincinnati, 217.

Burns of New York scored the greatest number of times, tallying 86 runs. Outshaw, Pittsburgh, was the best base stealer, being credited with 37 thefts, with Burns and Meusel next with 29 each. Olson, Brooklyn, got the most hits, his blows falling safe 164 times. In two base hits, Young New York, led with 29 and Myers of Brooklyn led among the three-base hitters with 14. Daubert, Cincinnati led the sacrifice hitters with 38.

In team batting New York was first and Cincinnati second with

averages of .265 and .263 respectively, while in fielding Cincinnati was first with a record of .974 and Chicago second with .970.

In pitching, Cincinnati hurlers were supreme, for, leaving out Wisner of Pittsburgh who is credited with one victory and no defeats, six out of the next eight leading hurlers were the uniform of the pennant winners. Their marks are: Gerber, 1-0; Luque, 10-3; Ruether, 19-6; Salles 21-7; Ray Fisher, 14-5; and Eller, 19-9. The first five stand in the percentage table in the order named, while Eller is preceded by Barnes and Toney of New York with records of 22-9 and 14-6 respectively. Adams, Pittsburgh, 17-9, and Causey, Boston, 14-8 follow Eller. Grover Cleveland Alexander, Chicago, who in the three years previous to entering the army won nearly 100 games—more than thirty each season—finished sixteenth among the hurlers. Alexander won 16 games and lost 11 and altho his absence from the game during the 1918 season made it difficult to get back in shape, he hurled good ball, especially at the end of the season. Alexander in 236 innings—nearly 27 full games—allowed only 51 runs, 180 hits, struck out 120 batters and gave 38 bases on balls.

Geschger, Boston, was the wildest hurler in the league, passing 100 men. However, he hit only three batsmen and made only one wild pitch while May, St. Louis, hit fourteen batters and made fourteen wild pitches, altho he gave only 57 bases on balls. Eller, Cincinnati, was the leading strike out hurler, fanning 136 men. Meadows, St. Louis and Philadelphia, allowed the most runs, 100 of his opponents scoring while he was on the mound. Vaughn, Chicago, was the iron man of the league, hurling 307 innings.

### A NEW DEPARTMENT

In our daily wandering looking for news in going into the store of the C. C. Phelps Dry Goods Company we were invited to go up stairs on the balcony and were certainly surprised in finding that they had opened a new department with fine new mahogany fixtures both for the Art and Pattern departments, with new linoleum floor covering. All of the latest styles, all that is new in the way of art merchandise can be found in this section and much new material is on the way and will be found displayed in an artistic manner by Miss Maud Franz, who is an expert in this line of merchandise, having had a number of years experience. Miss Franz is in charge of this department and will be pleased to have all her friends call and be shown the great variety of handsome and popular priced merchandise usually found in an exclusive department of this kind. If she hasn't what you want she will make an effort to get it for you. Your time in looking through this new section will be well spent as this is the time to begin your Holiday shopping.

All that is new and attractive can be found here. This popular store has been redecorated in white on the main floor and shows up clean and airy and it will be found a pleasant and profitable place to trade.

## The Sun-Ray Lens

A Better Lens—at a Lower Price.

Here is the new Sun-Ray Lens—one that gives you all the advantages of other lenses, and more.

Yet it sells profitably at \$1.75 per pair.

Sun-Ray Lens gives all the advantages of diffusion, plus all the advantages of deflection.

It meets the complicated legal requirements of every state in the Union.

Thick triangular prisms on the inside of the lens give wide side diffusion and reduces glare without interfering with the effectiveness of the driving light. Horizontal prisms, also on the inside, bend the light rays down on the road, preventing waste light up in the air, and complying with all 42" laws.

The outside surface is smooth, preventing dust, mud and snow from caking on the glass and dimming the lights.

The Sun-Ray Lens at the \$1.75 price offers a tremendous opportunity to dealers everywhere. In Sun-Ray Lens you are able to offer your trade a scientifically designed and constructed lens—a lens with real talking points and exclusive features—and for \$1.75 a set, any size. A price within the reach of every motorist.

The lens field is large—and constantly growing.

Buy your Sun-Ray Lenses to-day.

\$1.75  
for any size

"In ordering mention the diameter of lens you need. Sun-Ray lenses are made to fit every car and come in all sizes. All sizes sell at the same price, \$1.75 per pair. All prices cost you the same price."

"Sun-Ray Lenses are nationally advertised. It's the bound-to-be popular, popular-priced lens. Come enough for your best customers. Low enough in price for everybody."
